

Pathways to Progress

Sickle Cell Community Talks
March 2026

Come join the conversation on Gene Therapy and Bone Marrow Transplant

This is a free event open to:

- Patients and Families
- Community Members
- Teammates

Event Details:

Date: March 13, 2026

Time: 12:00pm-1:00pm

Location: Levine Cancer Institute
1021 Morehead Medical Drive
Charlotte, NC 28204

Room: Building 1, Conference Room 3035A-B

Highlights:

- Talk with expert speaker Dr. Michael Kent
- Share your thoughts and hear from others
- Get clear tools, tips, and guides you can use.

Dr. Michael Kent is a Pediatric Hematologist/Oncologist specializing in sickle cell care, including transplant and transformative therapies for children, young adults, and those transitioning to adult care.

He earned his medical degree from Albany Medical College and completed pediatric residency at the Floating Hospital for Children in Boston, followed by fellowships in pediatric hematology/oncology at Children's Colorado and pediatric bone marrow transplant at the University of Minnesota.
