

Pathways to Progress

Sickle Cell Community Talks
World Sickle Cell Awareness Day
June 2026

Come join the conversation on Mental Health with Sickle Cell Disease

This is a free event open to:

- Patients and Families
- Community Members
- Teammates

Event Details:

Date: June 18th, 2026

Time: 6:00pm-7:00pm

Location: Levine Cancer Institute
1021 Morehead Medical Drive
Charlotte, NC 28204

Room: Building 1, Conference Room 3035A-B

Highlights:

- Talk with expert speaker Dr. Lacondria Simmons.
- Share your thoughts and hear from others.
- Get clear tools, tips, and guides you can use.

Dr. Simmons is a clinical psychologist and the psychosocial manager for the Adult Sickle Cell Program and the Hemophilia Treatment Center at Atrium Health. She completed her postdoctoral fellowship at Pennsylvania Hospital, where she provided inpatient and outpatient care to people living with sickle cell disease and cancer. She worked with patients across all 9 city district health centers. She is passionate about reducing mental health stigma and advancing compassionate, equitable care informed by patients' lived experiences with sickle cell disease.
