

Community Conversations: Pathways to Progress

Series 4

Join us to learn about:

Reproductive Health in Sickle Cell Disease

Sickle Cell Program / Atrium Health Levine Cancer

October 13, 2026

6:00 pm- 7:30 pm

(Doors open at 5:45pm)

Place: Levine Cancer Institute
1021 Morehead Medical Drive
Charlotte, NC 28204

Room: Building 1, 3rd floor,
Conference Room 3035A-B

Partnership: Piedmont Health Services
and Sickle Cell Agency

Join us to learn about reproductive health and sickle cell disease. Experts will discuss common concerns and share helpful information. They will also share ways we can improve care and support.

- Hear from expert speakers Teonna Woolford and DeMitrrious Wyant
- Share your thoughts and hear from others.
- Get clear tools, tips, and guides you can use.

Speakers:

Teonna Woolford, Co-Founder & CEO, lives with sickle cell disease herself. She helped start SCRED (Sickle Cell Reproductive Health Education Directive) to help raise awareness about reproductive health in sickle cell disease. She also helps patients speak up for their needs and supports fair access to care. Teonna has worked with national groups such as the NIH and NHLBI. She is a respected and trusted voice in the sickle cell community..

DeMitrrious Wyant, is a sickle cell advocate, business owner, and creative professional from Orlando, FL. He lives with sickle cell disease and uses his own journey to teach, inspire, and empower others affected by the disease.
